Level 4 Mission

You have 4 minutes to collect food...

And go to the food container  to donate it, press

 or .

Stay clear of the birds  that want to eat the food you carry, and their eggs that can slow you down.

When you donate up to 4 items, take the basket  that magically appears hovering over the food container and move to the right side of it. Collect the food that falls from the sky in your basket. Note that your basket has limited capacity so you have to unload it in

the food container every time  fills up. Press  or  while close to the food container to unload.

Your mission is to donate up to 30 items in order to progress to the next drawing/level.
